The Township of Tudor and Cashel.

Message from The Reeve And Council

The staff and Council of Tudor and Cashel are 'on the ground' managing in these difficult times, and ensuring that our Community has the services and supports that are needed to respond to COVID-19. With the evidence of community spread COVID-19 it was determined an emergency existed and so in collaboration with our Emergency Control Group I declared a state of emergency for our township in order to protect the health, safety and well-being of our residents. I ask that we all look out for our neighbours and friends who are isolated and may be experiencing challenges obtaining food or medication, or who may find that this situation is taking a toll on their mental health. Please, reach out by making a phone call or sending a message to neighbours, friends and family members.

Waste Site News

Due to the COVID-19 Outbreak – to ensure the safety of both residents and staff we ask that when dropping off your waste and recycling that you maintain a distance of 6 feet from the attendants. Please **DO NOT** bring large loads at this time.

The Hazardous Waste Day scheduled for Saturday May 9th is cancelled.

A Message from The Clerk

Essential Services - Construction - Provincial Regulation made under the Emergency Management and Civil Protection Act

In accordance with the [Provincial Regulation made under the Emergency Management and Civil Protection Act](#), effective Saturday April 04, 2020 at 11:59 pm, the Municipalities of Faraday, Tudor & Cashel and Wollaston will not be inspecting any construction projects that are **not** deemed essential by the Provincial Order. All non-essential construction projects are required to cease construction.

The below provides further information on building permits and inspections:

Building Permits

Permit applications will continue to be reviewed for all types of construction and processed to completion. No permit will be issued to applicant but instead will be held until such time as the Emergency order has been lifted. Notwithstanding the issuance of a permit under the authority of the Building Code Act, the provincial regulation orders the closure of all places of non-essential business and that all construction cease and not proceed, except for businesses listed as essential. It is the owner's responsibility to comply with the Emergency Management and Civil Protection Act until such time as the order is lifted. Please ensure that you review the list of essential construction and/or seek legal opinion before proceeding with any construction works.

Inspections

1. Inspections will only be carried out on construction deemed essential by the provincial order as deemed necessary at the sole discretion of the Chief Building Official.
2. Pursuant to section 30, inspections **for residential construction** will continue as deemed necessary at the sole discretion of the Chief Building Official where building permits have been issued by April 4, 2020 for:
 - a. construction of single family, semi-detached, townhomes, condominiums, mixed use and other buildings, and
 - b. alterations to residential properties where construction work **started** before April 4, 2020.

This information is provided until further notice, and will be updated pending further direction or clarification from the Province of Ontario.

Thanks for your patience,
