NEW BUSINESS/POSSIBLE ACTION

01. Electronic Waste PRO – Report Attached

Adjournment

TO: Township of Tudor and Cashel Waste Management Committee
FROM: Sheryl Scott – Deputy Clerk/Deputy Treasurer
RE: Electronic Waste
DATE: February 24, 2022

Recommendation:

That the waste management committee investigate solutions to reduce the costs associated with Electronic Waste Diversion

Background:

The regulations no longer require anyone to provide e-waste service to populations under 1000 – therefore our current PRO COM2 provided us with the option to continue to provide e-waste service to the end of 2021 if we covered the transportation costs and bin rental fees. This would not be a viable solution as the bin rental charge alone is \$200.00/month for each site. (Monies received for e-waste in 2020 were \$326.70 and in 2019 \$287.25)

Information/Potential Solutions:

RediRecycling is willing to provide e-waste service to us under the following terms:

Bin rental \$50/month – transportation fee \$350 each time (potentially 2x/year due to smaller bin size)

Each waste site currently has a 20' bin – each have been in place for more than a year and are not yet full.

Purchase price for a 20' bin (not including delivery) is \$3000.00

Consider providing e-waste services at only one site to reduce removal fees
